WAIVER

Precautions to Prevent Emissions of Unconfined Emissions

The natures of Entera, Inc. activities are processes that do not produce significant amounts of uncontrolled particulate matter. Manufacturing and/ or painting is done inside an industrial building. Some metalwork such as cutting and/or welding results in minimal amount of metal shavings which fall to the floor of the building swept into piles and disposed of.

Outdoor surfaces are paved and/or concreted so that vehicular traffic is not a problem.

Hi Sherri,

Just a reminder: Please note, the previous application submitted in 2006 was for an initial operating permit, but the facility should submit an application for Non-Title V air permit **renewal** (if there have been no changes to the current operating process and/or the current operating permit 0050089-002-AO).

Please feel free to call me if you have any additional questions,
