NOTICE OF FINAL TITLE V AIR OPERATION PERMIT

In the Matter of an
Application for Permit Renewal:

Mr. Kelvin Manning
Associate Director
NASA-KSC
Mail Code: AA-B
Kennedy Space Center, FL 32899

FINAL Permit Project No.: 0090051-023-AV
National Aeronautics and Space
Administration, Kennedy Space Center
Brevard County

Enclosed is the **FINAL** Permit, No. 0090051-023-AV. The purpose is for the renewal of the Title V Air Operation Permit No. 0090051-018-AV, issued on August 30, 2008. The facility is located in Brevard County. This permit renewal is issued pursuant to Chapter 403, Florida Statutes (F.S.). There were no comments received from Region 4, U.S. EPA, regarding the **DRAFT/PROPOSED** Permit.

Any party to this order (permit) has the right to seek judicial review of the permit pursuant to Section 120.68, F.S., by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Legal Office; and, by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 (thirty) days from the date this Notice is filed with the Clerk of the Department.

Executed in Orlando, Florida.

F. Thomas Lubozynski, P.E.
Waste and Air Resource Programs Administrator

Clerk Stamp

FILED AND ACKNOWLEDGMENT FILED, on this date, pursuant to §120.52, Florida Statutes, with the designated Department Clerk,
receipt of which is hereby acknowledged.

Tracy L Cooper — May 24, 2013
(Clerk) (Date)

I. Comments.

No comments were received from the U.S. EPA during their 45 day review period of the DRAFT/PROPOSED Permit. The public notice was published in the Florida Today newspaper on April 8, 2013. No comments were received from the public.

On May 3, 2013, the Department received comments from the applicant. The following summarizes the comments and the Department's response.

1. The Applicant requested that Facility Wide Condition FW 12 be removed from the Final Permit. This condition provided for recordkeeping of volatile organic compound emissions of two insignificant activities to demonstrate that the activities were insignificant and that the emissions would not cause the facility to exceed Prevention of Significant Deterioration thresholds. The applicant indicated that this recordkeeping was already being done as part of recordkeeping for insignificant activities included in Appendix I and facility wide emission tracking.

   Response: The Department agreed with the rationale of this request and removed facility wide condition FW 12 from the final permit.

2. The Applicant requested the following changes to Appendix I – <u>List of Insignificant Emission Units and or Activities</u>:

   Item Number 4 - General Chemical and Solvent Use Including:

   b) Painting performed outside paintbooths, including general touch-up, corrosion control in shops, fume hoods, and architectural and industrial maintenance coatings.

   Be moved to item Number 5 Surface Coating, item c), to more accurately describe this activity as an insignificant Surface Coating Operation.

   Response: The Department agreed with the rationale of this request and moved Item 4. b) to Item 5. c).

3. The Applicant requested a minor editorial change to clarify the description of Emission Unit (EU) 087, located in the text box at the top of Page 10 of 26. The Applicant requested that the last sentence of this text box be moved within the text box since the text refers to the second category of spark ignition engines included in EU 087.

   Response: The Department agreed with the rationale of this request and moved the sentence in the description of EU 087 located in the text box at the top of Page 10 of 26.

II. Conclusion.

In conclusion, the permitting authority hereby issues the FINAL Permit.
