FINAL DETERMINATION

PERMITTEE

Sea Ray Boats, Incorporated
350 Sea Ray Drive
Merritt Island, Florida 32953-4185

PERMITTING AUTHORITY

Florida Department of Environmental Protection (Department)
Division of Air Resource Management
Office of Permitting and Compliance, Permitting Section
2600 Blairstone Road, MS #5505
Tallahassee, Florida 32399-2400

PROJECT

Permit No. 0090093-016-AV
Merritt Island Complex

The purpose of this permit is to revise the Title V air operation permit to remove the Cape Canaveral Plant from the Merritt Island Complex.

NOTICE AND PUBLICATION

The Department distributed the Intent to Issue Air Permit package on December 5, 2012. The applicant published the Public Notice of Intent to Issue Air Permit in the Florida Today on December 7, 2012. The Department received the proof of publication on December 10, 2012. A proposed permit was issued for EPA review on December 10, 2012.

COMMENTS

No comments on the proposed permit were received from the EPA Region 4 Office.

One minor comment was received from the applicant.

Comment: "Semi-Annual Monitoring Report" is listed under RR1 Report Schedule Table of Appendix RR for draft Title V Permit No, 0090093-016-AV (Merritt Island Complex). If the Semi-Annual Monitoring Report remains listed for Appendix RR for Title V Permit No. 0090093-016-AV, it would be beneficial to list the due dates for the "first semi-annual" & "second semi-annual" reports**.**

Response: Appendix RR is a generic appendix for all Title V permits and as such we do not wish to customize it for every permit. The reports would be due on the anniversaries of the previous semi-annual reports.

CONCLUSION

The final action of the Department is to issue the permit with no changes.
