Compliance Plan

In accordance with Rule 62-213.440(2), Florida Administrative Code (F.A.C.), this compliance plan is being included as part of the Title V Permit Revision to bring CF Industries, Inc. (CFI) into compliance. The facility is located in Hillsborough County at 10608 Paul Buchman Highway, Plant City, Florida. Specifically, the compliance plan covers uncompleted tasks listed below.

The dates listed in the table are tentative and depend upon budgeting and turnaround schedules. The permittee shall provide the Department with quarterly updates in writing of any changes to the tentative compliance schedule.

1. Construction Permit 0570005-047-AC:

Affected EU ID No.	Description	Task Description	Compliance Schedule
003	B SAP	Install a larger diameter (~36") carryover return; increase blower capacity (to ~2400 cfm); replace mist eliminator, other than like-kind; install larger diameter (~36") stripper tower, if needed. Also provide notification of operation commencement; notification of compliance testing; and compliance testing for SAM, NOx and visible emissions.	2012-14

2. Construction Permit 0570005-056-AC

Affected EU ID No.	Description	Task Description	Compliance Schedule
007	"C" SAP	Perform maintenance related modifications to the "C" SAP Converter. Maintenance will include the replacement of damaged and deteriorated internal components of the existing "C" SAP Converter including the posts, grids, division plates and support rings. Also provide notification of operation commencement; notification of compliance testing; and perform compliance testing for SAM, NOx and visible emissions.	2013-15
008	"D" SAP	Perform maintenance related modifications to the "D" SAP Converter. Maintenance will include the replacement of damaged and deteriorated internal components of the existing "D" SAP Converter including the posts, grids, division plates and support rings. Also provide notification of operation commencement; notification of compliance testing; and perform compliance testing for SAM, NOx and visible emissions.	2013-15
