FINAL DETERMINATION

PERMITTEE

Glasstream, Inc.
1143 East 15th Street
Panama City, Florida 32405-6103

PERMITTING AUTHORITY

Florida Department of Environmental Protection (Department)
Division of Air Resource Management
Office of Permitting and Compliance
2600 Blair Stone Road, MS #5505
Tallahassee, Florida 32399-2400

PROJECT

Air Permit No. 0050077-008-AF
Fiberglass Boat Manufacturing
Glasstream Boat Manufacturing

The project reclassifies the existing facility as a minor source of hazardous air pollutants and rescinds Title V air operation Permit No. 0050077-007-AV. Maximum actual emissions of volatile organic compounds have historically not exceeded 7 tons per year. Actual emissions from the existing facility are not expected to change as a result of this project; however, the permit restricts annual emissions from the fiberglass boat manufacturing operation to less than 10 tons per year of any single hazardous air pollutant, 25 tons per year of all combined hazardous air pollutants, and 100 tons per year of volatile organic compounds. Therefore, the facility will not be considered a Title V major source of air pollution.

NOTICE AND PUBLICATION

The Department distributed a draft federally enforceable state operation permit package on July 2, 2012. The applicant published the Public Notice in the News Herald on July 19, 2012. The Department received the proof of publication on August 13, 2012. No requests for administrative hearings or requests for extensions of time to file a petition for administrative hearing were received.

COMMENTS

No comments on the Draft Permit were received from the public, the Northwest District Air Program, the EPA Region 4 Office or the applicant.

CONCLUSION

The final action of the Department is to issue the permit as noticed.
