The complete project file includes the draft pe mit, the statement of basis, the application, and the information submi ted by the applicant, exclusive of confidential records under Sectio 403.111, F.S. Interested persons may view the draft permit by visiting th following website: http://www.dep.state.fl.us/air/emission/apds/defau asp and entering the permit number shown above. Interested persons ma contact the Permitting Authority's project review engineer for addition information at the address or phone number listed above.

Notice of Intent to Issue Permit: The Permitting Authority gives notice its intent to issue a draft Title V air operation permit renewal to the app cant for the project described above. The applicant has provided reaso able assurance that continued operation of the existing equipment w not adversely impact air quality and that the project will comply with a appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-21 62-296 and 62-297, F.A.C. The Permitting Authority will issue a propose permit and subsequent final permit in accordance with the conditions the draft permit unless a response received in accordance with the follov ing procedures results in a different decision or a significant change terms or conditions.

Comments: The Permitting Authority will accept written commen concerning the draft Title V air operation permit for a period of 30 da from the date of publication of the Public Notice. Written comments mu be received by the close of business (5:00 p.m.), on or before the end this 30-day period by the Permitting Authority at the above address. part of his or her comments, any person may also request that the Permi ting Authority hold a public meeting on this permitting action. If the Pe mitting Authority determines there is sufficient interest for a public mee ing, it will publish notice of the time, date, and location in the Florida A ministrative Weekly (FAW). If a public meeting is requested within the 3 day comment period and conducted by the Permitting Authority, any or and written comments received during the public meeting will also be co sidered by the Permitting Authority. If timely received written commen or comments received at a public meeting result in a significant change the draft permit, the Permitting Authority shall issue a revised draft perm and require, if applicable, another Public Notice. All comments filed will made available for public inspection. For additional information, conta the Permitting Authority at the above address or phone number.

Petitions: A person whose substantial interests are affected by the pr posed permitting decision may petition for an administrative hearing accordance with Sections 120.569 and 120.57, F.S. The petition must co tain the information set forth below and must be filed with (received b the Office of The Broward County Attorney at 115 South Andrews Avenu Suite 423, Fort Lauderdale, Florida 33301-1872. Petitions filed by the a plicant or any of the parties listed below must be filed within 14 days of r ceipt of this Written Notice of Intent to Issue Air Permit. Petitions filed any persons other than those entitled to written notice under Secti 120.60(3), F.S., must be filed within 14 days of publication of the attach Public Notice or within 14 days of receipt of this Written Notice of Intent Issue Air Permit, whichever occurs first. Under Section 120.60(3), F. however, any person who asked the Permitting Authority for notice agency action may file a petition within 14 days of receipt of that noti regardless of the date of publication. A petitioner shall mail a copy of t petition to the applicant at the address indicated above, at the time of ing. The failure of any person to file a petition within the appropriate tir period shall constitute a waiver of that person's right to request an admi istrative determination (hearing) under Sections 120.569 and 120.57, F. or to intervene in this proceeding and participate as a party to it. Any su sequent intervention (in a proceeding initiated by another party) will only at the approval of the presiding officer upon the filing of a motion compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting A thority's action is based must contain the following information: (a) T name and address of each agency affected and each agency's file or ide tification number, if known; (b) The name, address and telephone numb of the petitioner; the name address and telephone number of the petitic er's representative, if any, which shall be the address for service purpos during the course of the proceeding; and an explanation of how the pe tioner's substantial rights will be affected by the agency determination; A statement of when and how the petitioner received notice of the agen action or proposed decision; (d) A statement of all disputed issues of m terial fact. If there are none, the petition must so indicate; (e) A conc statement of the ultimate facts alleged, including the specific facts the p titioner contends warrant reversal or modification of the agency's p posed action; (f) A statement of the specific rules or statutes the petitic er contends require reversal or modification of the agency's proposed tion including an explanation of how the alleged facts relate to the speci rules or statutes; and, (g) A statement of the relief sought by the petitic er, stating precisely the action the petitioner wishes the agency to ta with respect to the agency's proposed action. A petition that does not d pute the material facts upon which the Permitting Authority's action based shall state that no such facts are in dispute and otherwise shall c tain the same information as set forth above, as required by Rule 106.301, F.A.C.

Because the administrative hearing process is designed to formulate nal agency action, the filing of a petition means that the Permitting A thority's final action may be different from the position taken by it in t Public Notice of Intent to Issue Air Permit. Persons whose substantial terests will be affected by any such final decision of the Permitting Auth ity on the application have the right to petition to become a party to proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available for this proceeding.

Objections: Finally, pursuant to 42 United States Code (U.S.C.) Sect 7661d(b)(2), any person may petition the Administrator of the EPA wit 60 days of the expiration of the Administrator's 45-day review period established at 42 U.S.C. Section 7661d(b)(1), to object to the issuance any Title V air operation permit. Any petition shall be based only on obj tions to the Permit that were raised with reasonable specificity during 30-day public comment period provided in the Public Notice, unless petitioner demonstrates to the Administrator of the EPA that it was practicable to raise such objections within the comment period or unl the grounds for such objection arose after the comment period. Filing c petition with the Administrator of the EPA does not stay the effective d of any permit properly issued pursuant to the provisions of Chapter 213, F.A.C. Petitions filed with the Administrator of EPA must meet the quirements of 42 U.S.C. Section 7661d (b) (2) and must be filed with the ministrator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D 20460.
