FINAL DETERMINATION

I. GENERAL INFORMATION

A. APPLICANT

SAFT America Inc. 13575 Waterworks Street Jacksonville, FL 32221-8118 *Authorized Representative:* Mr. Christopher Kaniut, General Manager	**FINAL Permit Number:** 0310572-003-AC **Permit Type:** Non-Title V Air Construction Permit **Facility Name:** SAFT America Inc. **Facility Type:** Lithium Ion Battery Manufacturing Facility **County:** Duval

B. PROJECT

On October 19, 2012, SAFT America Inc. submitted an application for a permit to construct one (1) new coating line that will perform both cathode and anode coating operations at the existing Lithium Ion Battery Manufacturing Facility. All emissions associated with the coating line are processed through a condenser and a shared wet scrubber prior to release to the atmosphere. The installation of this coating line will not produce any increase in emissions from the wet scrubber.

The new coating line will include the installation of one (1) new, natural gas fired, 7.2 MMBtu per hour, drying oven which supplies heated air to the dryer in the coating line. Emissions from the oven are exhausted directly to the atmosphere. This will cause a slight increase in facility emissions.

The facility is located in Duval County at 13575 Waterworks Street in Jacksonville, Florida 32221-8118. The Universal Transverse Mercator coordinates for the facility are Zone 17, 421.05 km East, and 3350.83 km North. The latitude and longitude coordinates are 30° 16' 25" North and 81° 53' 22" West.

II. FINAL DETERMINATION

The Technical Evaluation and Preliminary Determination for the project described above was distributed on December 18, 2012. The **Public Notice of Intent to Issue Air Permit** was published in the *Financial News and Daily Record* on December 20, 2012. The "Proof of Publication" of the **Public Notice of Intent to Issue Air Permit** was received on December 26, 2012.

Copies of the evaluation were available for public inspection at the City of Jacksonville, Neighborhoods Department, Environmental Quality Division (Permitting Authority) and the Florida Department of Environmental Protection, Northeast District offices.

No comments were submitted on the **Public Notice of Intent to Issue Air Permit**.

III. CONCLUSION

The final action of the Permitting Authority will be to issue Construction Permit No. 0310572-003-AC as proposed in the Technical Evaluation and Preliminary Determination.
