PROJECT

Permit No. 0570040-033-AV
Final Title V Air Permit Revision
H.L. Culbreath Bayside Power Station

This project was processed concurrently with and incorporates final Permit No. 0570040-032-AC. This project revises several conditions in underlying air construction permits. The revisions to permit language do not affect emissions, production rates or any other significant change.

NOTICE AND PUBLICATION

The Department distributed a revised draft Title V permit package on March 25, 2013; a previous draft package was distributed on March 19, 2013. The applicant published the Public Notice in *The Tampa Tribune* on March 29, 2013. The Department received the proof of publication on April 4, 2013.

No requests for administrative hearings or requests for extensions of time to file a petition for administrative hearing were received.

COMMENTS

No comments were received on the Draft Permit during the public notice period. EPA's 45-day review period ended May 13, 2013. No comments on the proposed permit were received from the EPA Region 4 Office.

CONCLUSION

The final action of the Department is to issue the permit as drafted with the exception of a small correction to the permit sequence letter order; this is, from PSD-FL-301~~D~~ (0570040-032-AC) to PSD-FL-301E (0570040-032-AC) in certain conditions of Subsection A of the Statement of Basis and the Title V permit.
