Appendix 5

List of Insignificant Emissions Units and/or Activities

(0112094g.doc)

Central Sanitary Landfill & Recycling Center Facility

ID No.: 0112094

The facilities, emissions units, or pollutant-emitting activities listed in Rule 62-210.300(3)(a), F.A.C., Categorical Exemptions, are exempt from the permitting requirements of Chapters 62-210 and 62-4, F.A.C.; provided, however, that exempt emissions units shall be subject to any applicable emission limiting standards and the emissions from exempt emissions units or activities shall be considered in determining the potential emissions of the facility containing such emissions units. Emissions units and pollutant-emitting activities exempt from permitting under Rule 62-210.300(3)(a), F.A.C., shall not be exempt from the permitting requirements of Chapter 62-213, F.A.C., if they are contained within a Title V source; however, such emissions units and activities shall be considered insignificant for Title V purposes provided they also meet the criteria of Rule 62-213.430(6)(b), F.A.C. No emissions unit shall be entitled to an exemption from permitting under Rule 62.210.300(3)(a), F.A.C., if its emissions, in combination with the emissions of other units and activities at the facility, would cause the facility to emit or have the potential to emit any pollutant in such amount as to make the facility a Title V source.

The following emissions units and/or activities are considered insignificant pursuant to Rule 62-213.430(6), F.A.C.

1. Leachate storage tank and landfill gas condensate
2. Storing of diesel fuel and refueling operation on the active phase
3. Parts cleaning system in the maintenance shop
4. Various products/chemicals at maintenance shop
5. Storage of various petroleum products in above ground storage tanks
6. Storage of various petroleum products in 55 gallon drums
7. Mulching operations
8. Stormwater storage basins
9. Welding, cutting and grinding operation in the maintenance shop
10. Above ground VOC liquid handling pumps
11. LoCAT system laboratory
12. Sandblasting activity (small scale)
13. Cleaning coolers, radiators, other misc. equipment
14. LoCAT MBA cleaning
15. Painting with spray cans
16. Removal of wash pad liquids to leachate wells
17. Portable air curtain incinerator to burn hurricane, tornado, fire, or other disaster-generated vegetative debris. *[Note. Prior notification to PPRAQD is required by BCC Sec 27-285 (a) (1)]*
18. 400,000 Btulhr Kerosene-fired heater
19. Non-Stationary emergency generator engines: 1993 Onan 300kW, 2006 Detroit Diesel 400DSE, and 2006 Detroit Diesel 125D. (Note. Engines are not in the same location for more than 12 months.)
20. Ash screening operations.
