NOTICE OF FINAL TITLE V AIR OPERATION PERMIT REVISION

In the Matter of an
Application for Permit Revision by:

Mr. Barry M. Boldissar, Director
Hillsborough County Solid Waste Management Department
601 E. Kennedy Boulevard, 24th Floor
Tampa, FL 33602

FINAL Permit Project No.: 0570854-007-AV
Hillsborough County Southeast Landfill

Enclosed is the FINAL Permit, No. 0570854-007-AV, for the Title V Air Operation Revision. The purpose is to incorporate the terms and conditions of Construction Permit 0570854-005-AC for a landfill gas (LFG) open candlestick flare into the Title V air operation permit for this municipal solid waste (MSW) landfill. Also as part of this permit revision, NESHAP 40 CFR 63 Subpart ZZZZ (National Emissions Standards for Hazardous Air Pollutants (NESHAP) for Stationary Reciprocating Internal Combustion Engines) is being incorporated into the facility operation permit. The facility is located in Hillsborough County. This permit revision is issued pursuant to Chapter 403, Florida Statutes (F.S.). There were no comments received from Region 4, U.S. EPA, regarding the PROPOSED Permit.

Any party to this order (permit revision) has the right to seek judicial review of the permit revision pursuant to Section 120.68, F.S., by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Legal Office; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 (thirty) days from the date this Notice is filed with the Clerk of the Department.

Executed in Hillsborough County, Florida.

FINAL Determination

FINAL Permit Project No.: 0570854-007-AV
Revision to Title V Air Operation Permit No.: 0570854-006-AV
Hillsborough County Solid Waste Management Department
Hillsborough County Southeast Landfill

I. Public Notice.

An "INTENT TO ISSUE TITLE V AIR OPERATION PERMIT REVISION" to Hillsborough County Solid Waste Management Department for the Hillsborough County Southeast Landfill located at 15960 CR672, Lithia, Hillsborough County was clerked on December 6, 2010. The "PUBLIC NOTICE OF INTENT TO ISSUE TITLE V AIR OPERATION PERMIT REVISION" was published in The Tampa Tribune on January 5, 2011. The DRAFT/PROPOSED Permit was available for public inspection at the permitting authority's office in Temple Terrace. Proof of publication of the "PUBLIC NOTICE OF INTENT TO ISSUE TITLE V AIR OPERATION PERMIT REVISION" was received on January 12, 2011.

II. Comment(s).

A. Public Comments

A comment on the applicant's behalf was received by email from their consultant, HDR Engineering, Inc., during the 30 (thirty) day public comment period, and the DRAFT/PROPOSED Permit was changed. No other public comment were received. The comment was not considered significant enough to reissue the DRAFT/PROPOSED Permit and require another Public Notice. Shown below is the comment and the Department response.

Comment

Email from Mr. Jason Timmons of HDR Engineering, Inc. dated and received on January 13, 2011:

> "Requested revision to Draft Permit #0570854-007-AV:
>
> Page 4 of 26 EU No. 004 Note: Please remove the term "sumps at the Leachate Treatment Plant" and replace with "pipes for the Class I Landfill". This will help to clarify that the passive flares were used on the leachate collection cleanout pipes on the Class I Landfill Phases I-VI and were not used at the Leachate Treatment Plant. Since the passive flares were removed the parts for the equipment are being stored at the Leachate Treatment Storage Building. The passive flares are not being used at this time."

Department Response

The Department has no objection to making the minor change to the permit note as requested. Therefore the first sentence in the EU No. 002 Note on page 4 of 26 of the permit was changed as shown below.

From: *EU ID No. 004 was previously assigned to the passive flares for the leachate collection cleanout sumps at the Leachate Treatment Plant.*

To: *EU ID No. 004 was previously assigned to the passive flares for the leachate collection cleanout pipes for the Class I Landfill.*

B. EPA Comments

No comments were received from USEPA during their 45-day review period of the PROPOSED Permit.

III. Conclusion.

In conclusion, the change that was made is insignificant in nature and does not impose additional public noticing requirements. The permitting authority hereby issues the FINAL Permit, with the change noted above.
