PERMITTEE

Pall Aeropower Corporation
4245 Evans Avenue
Fort Myers, Florida

PERMITTING AUTHORITY

Florida Department of Environmental Protection (Department)
South District Air Resource Management
2295 Victoria Avenue, Ste. 364
Fort Myers, Florida 33901-2549

PROJECT

Permit No. 0710238-005-AV
Pall Aeropower Corporation

This is a minor revision to the existing Title V Operating Permit (0710238-003-AV). The purpose of this project is to eliminate the electric oven in the "Bubble Point Process Line" and replace it with a Phoenix Solar Dryer (which uses the heat from the sun), and replace the 180 cu. ft. oven in the "Resin Impregnation Process" with a Grieve oven Model TBH-500 (133 Cu. Ft. volume) and a Grieve oven Model WRC566-800 (297 Cu. Ft. volume). **It is noted that since there is no change in the filter product production rate or chemicals usage rates, there is no change in the amount of emissions as the result of these equipment changes.**

NOTICE AND PUBLICATION

The Department distributed an Intent to Issue Title V, Combined Air CONSTRUCTION & DRAFT/PROPOSED Air Operating permit package on February 25, 2013. The applicant published the Public Notice of Intent to Issue a Title V Air Operation Permit Renewal in the News-Press on March 1, 2013. The Department received the proof of publication on March 7, 2013 and forwarded a copy of publication to the EPA.

COMMENTS

No comments on the draft/proposed permit were received from the Public, Applicant or EPA Region 4 Office.

CONCLUSION

The final action of the Department is to issue the permit without changes.
