NOTICE OF ADMINISTRATIVELY CORRECTED PERMIT

In the Matter of a Request for Administrative Correction:

Mr. Pedro Hernandez, P.E.
Division Director – Civil Environmental Engineering Division
Miami-Dade Aviation Department
P.O. Box 025504
Miami, FL 33102-5504

Project No. 0250393-012-AO
Administrative Correction to Permit No. 0250393-011-AO
Miami-Dade International Airport
Miami-Dade County

Enclosed are Administratively Corrected Conditions to the Title V Air Operation Permit No. 0250393.-011-AO, for the operation of the Miami-Dade International Airport located in Miami Dade County at Le June Road & NW 20th Street, Miami-Dade County, Florida. This correction is issued pursuant to Rule 62-210.360, Florida Administrative Code (F.A.C.), and Chapter 403, Florida Statutes (F.S.). This change is made to correct the Emissions Unit Number of the two new Emergency Generators and several typographical errors. This corrective action does not alter the effective dates of the existing permit.

The Department of Environmental Protection (Department) will consider the above-noted action final unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. Mediation under Section 120.573, F.S., will not be available for this proposed action.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) by the Agency Clerk in the Department's Office of General Counsel, 3900 Commonwealth Boulevard, MS #35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within 14 (fourteen) days of receipt of this notice. Petitions filed by any other person must be filed within 14 (fourteen) days of receipt of this proposed action. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact.

If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the permitting authority's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the permitting authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Judicial Review: Any party to this decision (order) has the right to seek judicial review of it under Section 120.68, F.S., by the filing of a Notice of Appeal, under Rule 9.110 of the Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000 or with the Clerk of the Department of Environmental Protection, Southeast District Office in the Southeast District's Legal Office at 400 North Congress Avenue 3rd Floor, West Palm Beach Florida, 33401; and, by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within thirty days from the date this notice is filed with the Clerk of the permitting authority.

Executed in West Palm Beach, Florida

Clerk Stamp

FILING AND ACKNOWLEDGMENT FILED, on this date, pursuant to §120.52(7), Florida Statutes, with the designated Department Clerk, receipt of which is hereby acknowledged.

_____ (Clerk) 09/24/2014 (Date)

The following permit condition is revised as indicated. . ~~Strikethrough~~ is used to denote the deletion of text. Double-underlines are used to denote the addition of text. All changes are emphasized with yellow highlight.

Permit Being Administratively Corrected: Permit No. 0250393-011-AO
Affected Emissions Unit: Two New Emergency Generators Caterpillar Model 3512C (EU-009)

The two new emergency generators permitted in Construction Permit No. 0250393-010-AC were mistakenly assigned the Emissions Unit number "009" in Permit 0250393-011-AO. Emissions Unit 009 was a previously permitted, constructed, and subsequently inactivated set of 11 degreaser units. **The emergency generators are hereby re-designated Emissions Unit 027**

SECTION I. SUMMARY INFORMATION

EMISSIONS UNITS SUMMARY

Emissions Unit No.	Emissions Unit Description
004	Internal Floating Roof Tanks (Includes tanks No. 13, 14, 15, 16, 17, and 18) storing Jet Kerosene
005	Vertical Fixed Roof Tanks (Includes tanks No. 24, 25, 26) storing Jet Kerosene
007	Twenty eight (28) Emergency Diesel Generators, each with less than 600 HP
008	Twenty eight (28) Emergency Diesel Generators, each with more than 600 HP
~~009~~027	Two New Emergency Generator~~s~~ Sets Caterpillar Model ~~DM82603~~512C
010	Facility Wide Chemical Use
018	West and South Cargo Loading Racks

SECTION III B. EMISSION SPECIFIC CONDITIONS

The specific conditions in this section apply to the following emissions unit(s):

E.U. ID No.	Brief Description
~~009~~027	Two New Emergency Generator~~s~~ Sets Caterpillar Model 3512C

These emissions units consists of two reciprocating internal combustion engines (RICE) driven two standby emergency generators. The engines are manufactured by Caterpillar Model 3512C. The engines have no pollution control devices.

The following table provides important details for this emissions unit:

E.U. ID No.	Engine Brake HP	Date of Construction	Model Year	Primary Fuel	Type of Engine	Displacement liters/cylinder (l/c)	Serial No.(s)
~~009~~027	2010	3/1/2012	2009	Diesel	Emergency	< 10	6DW01702 6DW01702
