NOTICE OF FINAL PERMIT

In the Matter of an
Application for Permit by:

Mr. C.R. Watts
Gulf Marine Repair/Hendry Corporations
1800 Grant Street
Tampa, FL 33605
_____/

FINAL Permit No.: 0570442-016-AV
Hillsborough County

Enclosed is the FINAL Title V Air Operation Permit Revision, No. 0570442-016-AV, for Dart Gulf Marine Repair/Hendry Corporations located at 1800 Grant Street, Tampa, Hillsborough County, issued pursuant to Chapter 403, Florida Statutes (F.S.).

The PROPOSED determination was issued on August 26, 2011. A comment was received from the permittee's consultant on September 20, 2011 requesting a minor language change in the Process Description of the permit regarding identification of berths that can be used at the site. Since the proposed change is only a clarification of the site layout and does not affect the operating limitations and conditions stated in the permit, the change was considered minor and included as part of the issuance of this FINAL permit.

Any party to this order (permit) has the right to seek judicial review of it under Section 120.68, F.S., by the filing of a Notice of Appeal, under Rule 9.110 of the Florida Rules of Appellate Procedure, with the Environmental Protection Commission of Hillsborough County - Legal Office, 3629 Queen Palm Dr., Tampa, Florida 33619, Phone 813-627-2600, Fax 813-627-2602; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within thirty days from the date this notice is filed with the clerk of the permitting authority.

Executed in Tampa, Florida.

FINAL Determination

Title V Air Operation Permit
FINAL Permit No.: 0570442-016-AV
Gulf Marine Repair/Hendry Corporations
Tampa, Florida

I. Comment(s).

No comments were received from the USEPA during their 45 day review period of the PROPOSED Permit. A comment was received from the permittee's consultant (Omana Antony Taylor, P.E. of ETG, Inc.) on September 20, 2011 requesting a minor language change in the Process Description of the permit regarding identification of berths that can be used at the site. Since the proposed change is only a clarification of the site layout and does not affect the operating limitations and conditions stated in the permit, the change was considered minor and included as part of the issuance of this FINAL permit. The Statement of Basis and Process Description were changed as follows:

FROM: "… GMR operates at Berths 250, 251, 252 and 253, and at the Hooker's Point Power Plant area. Hendry operates at the South Slip of Berth 250.

TO: "… GMR and Hendry Corporation operate at Berths 247, 248, 249, 250, 251, 252 and 253."

II. Conclusion.

In conclusion, the permitting authority hereby issues the FINAL Permit including the change noted above.
