Subject: 187-14-02 - AC permit application for AFM

Hi Jeff,

Finally here is the permit application that I have been working on for AFM usage at the Argos Newberry Cement Plant.

Attached is a cover letter and the application (with appendices).

As the letter mentions, I will mail you the hardcopy signature pages for the Department files.

Thanks for your time and consideration in working with Argos on this subject. Of course, please contact me if you have any questions.

Best regards,

Max
