Dwain,

Attached are the Word versions of the Public Notices for your Acid Rain revisions for you to give to the newspapers. I am in the process of reviewing the permit documents (only minor editorial changes to formats and updating the letter head within the permit) and should be able to distribute the draft/proposed packages this afternoon.

Most newspapers don't have a one day turn a around. If we want this published by Nov 14, we need to send them today or tomorrow to the papers…. Dwain

Good Dwain.

We will send you public notices in WORD (after I look at them) so that we can say are ready to prepare for publication.

The idea is to send you the official draft documents say Tuesday and your public Notice is in the newspaper(s) by Wednesday, November 14.

Thanks.

Al.
