## PERMITTING AUTHORITY

Florida Department of Environmental Protection (Department)
Division of Air Resource Management
Office of Permitting and Compliance
2600 Blair Stone Road, MS #5505
Tallahassee, Florida 32399-2400

## PROJECT

Title V Air Operation Permit Renewal
Permit No. 0570854-008-AV
Southeast County Landfill

The purpose of this permitting project is for the renewal of the existing Title V air operation permit for the above referenced facility.

## NOTICE AND PUBLICATION

The Department distributed an Intent to Issue Air Permit package on November 13, 2013. The applicant published the Public Notice of Intent to Issue Air Permit in the Tampa Tribune on November 15, 2013. The Department received the proof of publication on November 19, 2013. A proposed permit was issued for EPA review on November 15, 2013.

## COMMENTS

No comments were received from the Department's Southwest District Office, Region 4 EPA or the public at large on the draft/proposed permit renewal. One comment was received from the applicant in an email memorandum dated November 15, 2013. The comment is Emissions Unit ID No. 002 was incorrectly identified as being subject to Federal Rule 40 CFR 60, Subpart WWW on page 3 of the permit. The Department agrees with the comment. Emissions Unit ID No. 008, Open Candlestick Flare should have been identified as subject to that subpart not ID No. 002. The permit was changed to reflect this Scribner error. The Day 45 (end of U.S. EPA's review period) will be December 30, 2013; U.S. EPA has not targeted this project for review.

## CONCLUSION

The final action of the Department is to issue the permit with the minor change listed above.
