I think they upgraded me a couple weeks ago – not sure why. My IE definitely says "Internet Explorer 11".

Just a quick reminder if you have not yet upgraded☺.

The Office of Technology and Information Systems will begin the deployment of Internet Explorer 11 to all DEP computers on the DEP network starting Tuesday, December 16, at 5:00 PM. Employees should leave their PCs turned on (not powered down) until Friday, December 19. If your PC does not have Internet Explorer 11 installed by Monday, December 22, or if you have any issues or concerns with this deployment, please contact the Service Desk at (850) 245-7555.

Thank you.

Lynn
