Hi Ed/Jeff,
Do you have a guesstimate of issuance date for the two Title V Air permits (Cape Canaveral Plant and MI Complex)? I noticed the federal EPA site for site review listed one permit as Sea Ray Boats-- Merritt Island/Cape Canaveral and the other as Sea Ray Boats - Cape Canaveral.

I believe it may have been more appropriate to have identified the first permit as Sea Ray Boats --Merritt Island Complex to minimize confusion.

The 45-Day Reviews Ends (Parallel) date was Jan. 21, 2013. I was hoping to be able to report back to Sea Ray management with an approximate permit issuance date. Thanks.
