# Appendix I-1: List of Insignificant Emissions Units and/or Activities

**NuStar Terminals Operations Partnership, L.P.** **FINAL Permit No.: 0310028-024-AV**
**NuStar Jacksonville Terminal** **Facility ID No.: 0310028**

---

The facilities, emissions units, or pollutant-emitting activities listed in Rule 62-210.300(3)(a), FAC, Categorical Exemptions, or that meet the criteria specified in Rule 62-210.300(3)(b)1., FAC, Generic Emissions Unit Exemption, are exempt from the permitting requirements of Chapters 62-210, 62-212 and 62-4, FAC; provided, however, that exempt emissions units shall be subject to any applicable emission limiting standards and the emissions from exempt emissions units or activities shall be considered in determining the potential emissions of the facility containing such emissions units. Emissions units and pollutant-emitting activities exempt from permitting under Rules 62-210.300(3)(a) and (b)1., FAC, shall not be exempt from the permitting requirements of Chapter 62-213, FAC, if they are contained within a Title V source; however, such emissions units and activities shall be considered insignificant for Title V purposes provided they also meet the criteria of Rule 62-213.430(6)(b), FAC. No emissions unit shall be entitled to an exemption from permitting under Rules 62-210.300(3)(a) and (b)1., FAC, if its emissions, in combination with the emissions of other units and activities at the facility, would cause the facility to emit or have the potential to emit any pollutant in such amount as to make the facility a Title V source.

The below listed emissions units and/or activities are considered insignificant pursuant to Rule 62-213.430(6), FAC.

**Brief Description of Emissions Units and/or Activities**

1. Distillate and Residual Oil Loading of Trucks, Railcars, Barges and Ships
2. Fifteen (15) Oil/Water Separators
3. Seven (7) Fuel Additive Storage Tanks
4. Recovered Product and Water Tanks
5. Storage Tank Maintenance
6. Asphalt Additive Tank
7. Low Volatility Product Tanks
8. Equipment Fugitive Emissions
9. Boiler/Heater Fuel Oil Tanks
10. Unloading of distillate and residual oil from marine vessels, railcars and trucks to facility storage tanks
