Ok. Thanks. One thing. Every time I go to publish one of these in the Ft. Lauderdale Sun Sentinel, they ask if I have it in Word instead of a pdf version. Would you know if a Word version of the Public Notice is available to me somehow?

Chuck:

You need to publish the notice so we can get through the comment periods. Once we receive the proof of publication and the comment periods have passed, I will address any timely comments received and issue the final permits.

One quick question. Can I go ahead and publish the Public Notice of Intent in the paper or do I need to wait until all the drafts become final?
