---

Lynn – Please clerk and issue the attached Title V renewal package for Waste Management Medley Landfill. The permit summary page has been updated.

Jeff – Another one of the landfill Title V renewal permit. We are issuing this as a draft permit rather than draft/proposed as the applicant did not get a chance to review the renewal permit prior to issuance. The time to process metric is slightly high for this project and we will consider the applicant's comments (if any) when we issue the proposed permit. TTP and TIH is 65 days.

Tammy – Please save the word documents with this email in your project folder. Minor edits were done to the documents you sent me.

Thanks,
Syed
