PROJECT

Air Permit No. 0890442-001-AC
Initial Air Construction Permit

This air construction permit authorizes the construction of a natural gas compressor station (Standard Industrial Classification No. 4922) for Southern Natural Gas Company, LLC. The proposed Hilliard Compressor Station will consist of one 4,700 horsepower (under ISO conditions) natural gas fired turbine, a natural gas fired 400 kW emergency generator and a small fuel gas heater which will be used to heat the natural gas withdrawn from the pipeline for use as fuel in the compressor turbine and emergency generator. The natural gas emergency generator will be operated for emergency electricity generation only in the event of normal power supply failure. Ancillary equipment includes associated above-grade piping and valves, a suction scrubber, oil lube coolers, blowdown silencers, a condensate storage tank, a station transformer and associated electrical and mechanical systems.

NOTICE AND PUBLICATION

The Department distributed a draft air construction permit package on January 16, 2015. The applicant published the Public Notice in the Nassau County Record on February 5, 2015. The Department received the proof of publication on February 12, 2015. No requests for administrative hearings or requests for extensions of time to file a petition for administrative hearing were received.

COMMENTS

No comments on the Draft Permit were received neither from the applicant nor the public.

CONCLUSION

The final action of the Permitting Authority is to issue Air Construction Permit No.: 0890442-001-AC as described above.
