Dear Mr. Svec –

As per our discussion during the preparation phase of the SDLF Title V Permit Renewal, in accordance with said permit comment period, I respectfully submit the following items that we would like to reflect in the new permit.

- There has been a change in name of our department; it was formerly called "Department of Solid Waste Management". The new department name is "Public Works and Waste Management Department".

- The address of the South Dade Landfill was formerly referenced as: 24000 SW 97th Avenue, Miami, Florida. It is now referenced as: 23707 SW 97th Avenue, Miami, Florida.

Please contact me at your convenience if there are any questions. Thank you.
