FINAL DETERMINATION

PERMITTEE

Hentzen Coatings, Inc.
3967 W. Mill Road
Milwaukee, WI 53218-1225

PERMITTING AUTHORITY

Florida Department of Environmental Protection
Air Resource Management
Southwest District
13051 North Telecom Parkway
Temple Terrace, Florida 33637-7600

PROJECT

Air Permit Nos. 1030553-001-AC and 1030553-002-AO
Hentzen Coatings, Inc.

Initial Minor Air Construction and Operation Permits *(one document*) for an existing powder coating manufacturing facility.

NOTICE AND PUBLICATION

The Permitting Authority distributed a draft minor air construction and operation permits package on 06/28/13. The applicant published the Public Notice in the Business Observer on 07/19/13. The Permitting Authority received the proof of publication on 07/23/13. No requests for administrative hearings or requests for extensions of time to file a petition for administrative hearing were received.

COMMENTS

No comments on the draft permit were received from the public, the Local Air Program, or the applicant during the public comment period.

Prior to the public comment period, the applicant's consultant submitted comments on the draft permit requesting removal of the word "layup" in the description of the area controlled by the plant air ventilation system on Pages 3 and 11 of the permit. This was done in the Final permit. The consultant also requested clarification of the requirements of Specific Condition No. B.2. This clarification was provided by email on 07/05/13 and resulted in no changes to the permit. Finally the consultant also requested that the permit be modified to address Method 22 compliance provisions of Federal NESHAP 40 CFR 63 Subpart CCCCCCC (7C). This NESHAP has not been adopted by the Department in Rule 62-204.800(11)(b), F.A.C., and therefore its requirements were not included in the Department permits and the Department has no authority to modify requirements of this NESHAP. No changes were made to the permit.

CONCLUSION

The changes that have been made are insignificant in nature and do not impose additional public noticing requirements. The permitting authority hereby issues the FINAL Permit with the changes noted above.
