Memorandum

Florida Department of
Environmental Protection

To: Rick Bradburn, Air Program Administrator

Through: Armando Sarasua, Air Permitting Supervisor

From: Rick Prusa, Project Engineer

Date: March 22, 2011

Subject: Minor Source Air Construction Permit
Project No. 0330127-013-AC
Pall Corporation, Pall Membrane Technology Center
R & D Process Line

The final permit for this project is attached for your approval and signature, which authorizes construction of a research and development (R & D) process line used to develop filtration devices for pharmaceutical and industrial uses. The work will be performed in Escambia County at 8780 Ely Road in Pensacola, Florida. The project results in a minor source air construction permit and is not subject to PSD preconstruction review.

The attached Final Determination summarizes the publication and comment process. There are no pending petitions for administrative hearings or extensions of time in which to file a petition for an administrative hearing. I recommend your approval of the attached final permit for this project.
