FINAL DETERMINATION

PERMITTEE

Pall Corporation
8780 Ely Road
Pensacola, Florida 32514

PERMITTING AUTHORITY

Florida Department of Environmental Protection
Air Resource Management Program
Northwest District
160 W. Government Street, Room 308
Pensacola, Florida 32502-5740

PROJECT

Air Permit No. 0330127-013-AC
Minor Source Air Construction Permit
Pall Membrane Technology Center

Construction of a research and development (R & D) process line used to develop filtration devices for pharmaceutical and industrial uses. Equipment includes two reactors, two batch tanks, a casting belt, a quench bath, a wash tray and a small dryer. Emissions from the R & D Process Line are vented uncontrolled through the R & D roof vent fan to the atmosphere.

NOTICE AND PUBLICATION

The Department distributed a draft minor source air construction permit package on February 10, 2011. The applicant published the Public Notice in the Pensacola News Journal on February 19, 2011. The Department received the proof of publication on March 22, 2011. No requests for administrative hearings or requests for extensions of time to file a petition for administrative hearing were received.

COMMENTS

No comments on the Draft Permit were received from the public, the EPA Region 4 Office or the applicant.

CONCLUSION

The final action is to issue the permit with any minor changes, corrections and clarifications described above.
