P.E. CERTIFICATION STATEMENT

PERMITTEE

Genesis Rail Services, LLC
919 Milam Street, Suite 2100
Houston, Texas 77002

Project No. 0330289-001-AC
Walnut Hill Facility
Minor Source Air Construction Permit
Crude Oil Storage and Transfer
Escambia County, Florida

PROJECT DESCRIPTION

The Walnut Hill facility is a new crude oil storage and transfer facility comprised of a 100,000-barrel storage tank with associated piping and pumps to transfer crude oil from rail cars to an existing pipeline. The storage tank will be equipped with an external floating roof painted white to control emissions of Volatile Organic Compounds and is subject to EPA regulations for New Source Performance Standards contained in 40 CFR 60 Subpart Kb - Standards of Performance for Volatile Organic Liquid Storage Vessels and Rules 62-210 and 62-212 Florida Administrative Code (F.A.C.). Emissions are estimated at less than 9 TVOC/year.

The Department's full review of the project and rationale for issuing the draft permit is provided in the Technical Evaluation and Preliminary Determination.

I HEREBY CERTIFY *that the air pollution control engineering features described in the above referenced application and subject to the proposed permit conditions provide reasonable assurance of compliance with applicable provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Chapters 62-4 and 62-204 through 62-297. However, I have not evaluated and I do not certify any other aspects of the proposal (including, but not limited to, the electrical, mechanical, structural, hydrological, geological, and meteorological features).*
