Mr. Charles Piwowarski
South Region Environmental Manager
Lehigh Hanson
840 West Avenue
Deland, Florida 32720

Dear Mr. Piwowarski:

This is to acknowledge receipt of your application for an air construction permit, DEP file number 0390039-004-AC (EPSAP 2855-1), for the addition of a concrete batch plant and a relocateable crusher at the Hanson Pipe & Precast LLC., Plant in Gretna, Gadsden County. This letter constitutes notice that a permit will be required for your project pursuant to Chapter 403, Florida Statutes.

Your application for permit is incomplete. Please provide the information listed below within 30 days of receipt of this letter. Evaluation of your proposed project will be delayed until all requested information has been received. References made below to "Application" refer to DEP Form No. 62-210.900(1), effective March 11, 2010 and its instructions.

- Please provide a plot plan of the facility showing the location of existing and proposed manufacturing processes, control equipment, stacks, vents, identifiable sources of fugitive emissions and principal buildings. The plot plan should be drawn to scale, show the precise location of the new emissions unit and its emission point(s), include at least one UTM or latitude/longitude reference coordinate point and compass direction, and provide dimensions, including height, of any buildings or structures that may affect dispersion of pollutants from the new emissions unit. [DEP Form No. 62-210.900(1) – Instructions, Page 21]

- Please identify any unconfined Particulate Matter (PM) emissions that may result from construction, modification or operation of the facility and describe the precautions that will be taken to prevent or control such emissions. Please provide detailed unit-specific emissions that include PM with fugitives

along with facility-wide emissions.[DEP Form No. 62-210.900(1) – Instructions, Page 22]

- Please include size of cement silo and type of cement supplement for the new concrete batch plant. Also include the manufacturer data sheets for the air pollution control device. [Rule 62-4.070, F.A.C.]

The EPSAP application number 2855-1 will be electronically returned to you shortly after your receipt of this letter. Please update the EPSAP application accordingly and resubmit. If you decide to resubmit the requested additional information in hard copy, be aware it must be appropriately certified by the Responsible Official (R.O.) and Professional Engineer (P.E.), per Rule 62-4.050(3), F.A.C.

When referring to this project, please use the file number indicated above. The Department must receive a response from you within 30 days of receipt of this letter, unless you (the applicant) request additional time under Rule 62-4.055(1), F.A.C.

If you have any questions, please contact Angelia Jackson at 850/595-0598 or angelia.jackson@dep.state.fl.us.

Sincerely,

/s/

Rick Bradburn
Air Program Administrator
