Importance: High

Lynn – In quick review, it appears that in both the permit and the email distribution, that the "Northeast District" compliance office was copied, whereas the Sanford plant is located in Brevard county within the Central District's authority.

FPL would appreciate the Department officially forwarding and notifying the Central District of this effort, and to also ensure that the Central District is copied in the related Title V final Notice of Final Permit that is expected within a month's time.

Thank you for your time and effort. Please advise if the Department will make this adjustment…

Jeff
