APPENDIX I

LIST OF INSIGNIFICANT EMISSIONS UNITS AND/OR ACTIVITIES

The facilities, emissions units, or pollutant-emitting activities listed in Rule 62-210.300(3)(a), F.A.C., Categorical Exemptions, or that meet the criteria specified in Rule 62-210.300(3)(b)1., F.A.C., Generic Emissions Unit Exemption, are exempt from the permitting requirements of Chapters 62-210, 62-212 and 62-4, F.A.C.; provided, however, that exempt emissions units shall be subject to any applicable emission limiting standards and the emissions from exempt emissions units or activities shall be considered in determining the potential emissions of the facility containing such emissions units. Emissions units and pollutant-emitting activities exempt from permitting under Rules 62-210.300(3)(a) and (b)1., F.A.C., shall not be exempt from the permitting requirements of Chapter 62-213, F.A.C., if they are contained within a Title V source; however, such emissions units and activities shall be considered insignificant for Title V purposes provided they also meet the criteria of Rule 62-213.430(6)(b), F.A.C. No emissions unit shall be entitled to an exemption from permitting under Rules 62-210.300(3)(a) and (b)1., F.A.C., if its emissions, in combination with the emissions of other units and activities at the facility, would cause the facility to emit or have the potential to emit any pollutant in such amount as to make the facility a Title V source.

The below listed emissions units and/or activities are considered insignificant pursuant to Rule 62-213.430(6), F.A.C.

Brief Description of Emissions Units and/or Activities

1. Steam Systems (valves, traps, pressure relief, fittings, equipment, sterilization, vents, tanks, condensate systems)
2. Compressed Air Equipment (air compressors, distribution systems, pneumatic equipment, blow-off equipment)
3. Tanks (water treatment/distribution, sodium hydroxide, sterilex (quaternary ammonia), phosphoric acid, nitrogen blanketed, CO_2, propane, propylene glycol, sulfuric acid, greases, oils, fluids for equipment/vehicle lube, chain lube, wastewater equalization, anaerobic digester, mineral spirits, rock drill lube, oil/water separator, water baths, bleach, calcium chloride, corn syrup, No. 2 fuel oil, and cylinders - acetylene, nitrogen, etc.)
4. Research and Environmental Labs (chemical and physical analysis, sampling ports used to monitor process, utility and waste treatment operations)
5. Unpaved Roads and Parking
6. Grounds Maintenance Equipment and Activities
7. Routine Maintenance/Repair Activities
8. Pesticide/Herbicide/Fungicide Application
9. Steam Cleaning
10. Non-halogenated Solvent Cleaning Operations
11. Solvent/Chemical/Raw Material Storage
12. Indoor Fugitives
13. Vent/Exhaust Systems (Manufacturing & Warehousing Buildings Maintenance)
14. Buildings Transformer/Motor Control Vents

15. Operating Equipment Vents
16. Electric Vehicles
17. Transformers, Switchgear, etc.
18. Wastewater Transfer Sumps/Tanks
19. Vacuum Pumps
20. Refrigeration Equipment (except substances regulated under 40 CFR 82)
21. Pressure cleaning
22. Waste Accumulation/Consolidation
23. Clean-up of Process and Packaging
24. Containers, Reservoirs, Tanks for Oils, Wax, Grease, Lubricants (Non-solvents)
25. Evaporative condensers
26. Bag Dumping
27. Heating, Ventilation & Air Conditioning Systems
28. Air Dryers
29. Water Chillers
30. Electric Cabinet HVAC
31. Vents/Stacks for Sewer Lines or Enclosed Areas Required for Safety or by Code
32. Natural Gas Distribution (valves, fittings, relief)
33. Biogas Distributions (valves, fittings, relief)
34. Packaging Operations
35. Portable Containers (gasoline cans, etc.)
36. Hydraulic Equipment (pressure relief vents, seals)
37. Safety Devices (pressure relief vents for steam, ammonia, utility and process systems)
38. Bottle Rinse and Sterilization
39. Portable Equipment (welders, generators, high-pressure sprayers, etc.)
40. Diesel-powered Refrigeration Units
41. Maintenance equipment (oxygen/acetylene cutting torches, gasoline powered tools)
42. Electrically Heated Equipment (heat treating, tracing, drying, case hardening, surface conditioning, etc.)
43. Fire and Safety Equipment
44. Mobile Equipment (vehicles on property)
45. Lime Silo
46. Calcium Hydroxide Silo
47. Cooling Towers
48. Juice/Pulp Process Tank

49. D-limonene, Citrus Essences and Cold Pressed Oil Tank
50. Used Oil Tank
51. Kerosene Tank
52. Diesel Tank
53. Gasoline Tank
54. Ethylene Glycol Tank
55. No. 2 Fuel Oil Tank
56. Plastic Manufacturing
57. Ethylene Glycol Regeneration (Venting)
58. Equipment used for heating with natural gas with heat output of less than 1 million Btu per hour
59. Paint Spray Booth
