As a follow up to my 12/27/12 email, attached is a scanned copy of the Sun Sentinel affidavit of the 12/21/12 publishing of the Public Notice of Intent to Issue Air Permits regarding the construction permit for the activated carbon system. Please forgive the poor quality as The Sun Sentinel glues a paper copy of the posting over the affidavit that I removed so you could read the actual affidavit.

If further information is required, please don't hesitate to give me a call at (954) 971-8701, ext 216.
