Title V Air Operation Permit Renewal
Permit No. 0810164-006-AV

APPLICANT

The applicant for this project is Flowers Baking Company of Bradenton, LLC. The applicant's responsible official and mailing address are: Bo Strickland, Plant President, Flowers Baking Company of Bradenton, LLC, 6490 Parkland Drive, Sarasota, Florida 34243.

FACILITY DESCRIPTION

The applicant operates the facility, which is located at 6490 Parkland Drive, Sarasota, Florida.

The existing facility is a commercial bakery that consists of a bread production line (EU No. 001), a bun production line (EU No. 002) and four flour silos (EU Nos. 003, 004, 005 and 010). The flour silos have been reclassified from regulated emissions units to insignificant emissions units in this permit renewal*. The bread and bun lines include natural gas fired ovens and are sources of volatile organic compound (VOC) emissions. Each flour silo is equipped with a bin vent filter which is considered and integral part of each silo.

*{*Note: The four flour silos were reclassified from regulated emissions units to insignificant emissions units at the request of the applicant because the bin vent filter on each of the silos is considered an integral part of each silo rather than a control device. This is consistent with a permitting note included in Permit 0810164-004-AV and with an EPA applicability letter to the "National Ready Mix Concrete Association" dated July 10, 2002.}*

Also included in this permit are miscellaneous insignificant emissions units and/or activities.

PROJECT DESCRIPTION

The purpose of this permitting project is to renew the existing Title V permit for the above referenced facility.

PROCESSING SCHEDULE AND RELATED DOCUMENTS

Initial Title V Air Operation Permit No. 0810164-001-AV issued January 1, 1999
Air Construction Permit No. 0810164-002-AC issued June 2, 2004
Renewal Title V Air Operation Permit Revision No. 0810164-003-AV issued August 10, 2004
Renewal Title V Air Operation Permit Revision No. 0810164-004-AV issued August 7, 2009
Application for a Title V Air Operation Permit Renewal received August 23, 2013
Notice of Intent to Issue Air Permit issued **[Month day, year]** ***(To be determined)***
Public Notice Published **[Month day, year]** ***(To be determined)***

PRIMARY REGULATORY REQUIREMENTS

Title III: The facility is not identified as a major source of hazardous air pollutants (HAP).

Title V: The facility is a Title V major source of air pollution in accordance with Chapter 62-213, Florida Administrative Code (F.A.C.).

PSD: The facility is not a Prevention of Significant Deterioration (PSD)-major source of air pollution in accordance with Rule 62-212.400, F.A.C.

NSPS: The facility does not operate emissions units subject to the New Source Performance Standards (NSPS) of 40 Code of Federal Regulations (CFR) 60.

NESHAP: The facility does not operate emissions units subject to the National Emissions Standards for Hazardous Air Pollutants (NESHAP) of 40 CFR 63.

CAIR: The facility is not subject to the Clean Air Interstate Rule (CAIR) set forth in Rule 62-296.470, F.A.C.

CAM: Compliance Assurance Monitoring (CAM) does not apply to any of the emissions units at the facility.

PROJECT REVIEW

The purpose of this permitting project is to renew the existing Title V permit for the above referenced facility. This permit was reformatted to conform to the new standard for Title V renewal projects that became effective in 2011. This permit also reclassified the four flour silos (EU Nos. 003, 004, 005 and 010) from regulated emissions units to insignificant emissions units. There were no other changes made to the specific conditions of the permit.

CONCLUSION

This project renews Title V Air Operation Permit No. 0810164-004-AV, which was issued on April 7, 2009. This Title V air operation permit renewal is issued under the provisions of Chapter 403, Florida Statues (F.S.), and Chapters 62-4, 62-210 and 62-213, F.A.C.
