## PROJECT

Permit No. 0970043-021-AV
Cane Island Power Park
Title V Air Operation Permit Renewal

The purpose of this permitting project is to renew the Title V air operation permit No. 0970043-017-AV for the above referenced facility and to incorporate minor revisions from air construction permit No. 0970043-020-AC (PSD-FL-182J/PSD-FL-254A/PSD-FL-400B), issued concurrently with this permit. Details of the project are provided in the application and the enclosed Statement of Basis.

## NOTICE AND PUBLICATION

The Department distributed a draft/proposed permit package on August 26, 2013. The applicant published the Public Notice in the Orlando Sentinel on September 12, 2013. The Department received the proof of publication on September 17, 2013. The intent package included a draft/proposed permit document.

## COMMENTS

No comments on the proposed permit were received from the EPA Region 4 Office.

On September 20, 2013, the Department received comments on the draft/proposed permit package from the applicant. The comments resulted in clarifications and corrections that are not considered significant enough to reissue a revised draft/proposed Title V air operation permit and require another Public Notice; therefore, the draft/proposed Title V Operation Permit was corrected.

## CONCLUSION

The final action of the Department is to issue the final Title V Air Operation Permit Renewal No. 0970043-021-AV with the minor administrative corrections and/or clarifications.
