Title V Air Operation Permit Renewal
Final Permit No. 1030117-008-AV

Permitting Clock: ARMS Day 55 was July 15, 2011

The final permit for this project is attached for your approval and signature. This project is for a Title V air operation permit renewal.

The attached final determination identifies issuance of the permit, summarize the publication process, and provide the Department's response(s) to comment(s) (if any) on the draft permit. There are no pending petitions for administrative hearings or extensions of time to file a petition for an administrative hearing.

The draft/proposed Title V air operation permit was issued prior to the new engine templates created by Andrew Bass.

This is the 1st reformatted municipal waste combustor (MWC) Title V air operation permit in Florida for an municipal waste combustor (MWC) facility regulated under the Emissions Guidelines (EG) of 40 CFR 60, Subpart Cb.

I recommend your approval of the attached final permit for this project.
