FINAL DETERMINATION

PERMITTEE

Mr. Jason Banks
Director of Safety, Health, Environmental
Suwannee Lumber Company LLC
40 SW 10th Street
Cross City, Florida 32628

PERMITTING AUTHORITY

Florida Department of Environmental Protection (Department)
Northeast District Office
8800 Baymeadows Way W., Suite 100
Jacksonville, Florida 32256

PROJECT

Title V Air Operation Permit Renewal
Permit No. 0290004-017-AV
Suwannee Lumber

The purpose of this permitting project is for the renewal of the existing Title V air operation permit for the above referenced facility. The existing facility consists of a sawmill, three direct fired lumber dry kilns fired by sawdust and one of these units may also fire wood waste, and the planer mill. The maximum heat input to each kiln is less than 30 MMBtu per hour. Facility Potential To Emit (PTE) VOC emissions exceed 250 TPY. Facility PTE methanol emissions exceeds 10 TPY. These facts make the facility a PSD major source and a major source of HAP. This facility also includes miscellaneous unregulated/insignificant emissions units and/or activities. The facility operates one control device that collects particulate emissions from an unregulated sawdust storage silo.

NOTICE AND PUBLICATION

The Department distributed an Intent to Issue Air Permit package on March 9, 2018. The applicant published the Public Notice of Intent to Issue Air Permit in the Dixie County Advocate on March 15, 2018. The Department received the proof of publication on March 20, 2018. A proposed permit was issued for EPA review on March 9, 2018.

COMMENTS

No comments were received from the applicant or the EPA Region 4 office.

CONCLUSION

The final action of the Department is to issue the permit with no changes.
