Initial Title V Air Operation Permit
PROPOSED Permit No.: 0310341-006-AV

This Title V Air Operation Permit is issued under the provisions of Chapter 403, Florida Statutes (FS), and Florida Administrative Code (FAC) Chapters 62-4, 62-210 and 62-213. The above named permittee is hereby authorized to operate the facility shown on the application and approved drawing(s), plans, and other documents, attached hereto or on file with the permitting authority, in accordance with the terms and conditions of this permit.

This facility manufactures and coats ornamental and architectural metal products. Metal staircases, gates, fences, railing, window bars and architectural components are manufactured that require the application of high performance primers and coatings. The facility includes a paint spray booth, a powder coating booth, and a powder coating curing oven. Particulate Matter (PM) is removed from exhausted air with a dry filter prior to discharge to the atmosphere.

E.U. ID No.	**Brief Description**	
001	Paint Spray Booth -	Paint is applied to fabricated metal parts. The paint booth is equipped with a Binks Model 14-10 bridge type exhaust chamber to remove paint over spray. Compliance Assurance Monitoring (CAM) does not apply.
002	Powder Coating Booth -	Powder coating is applied to fabricated metal parts. The powder coating booth is equipped with a Binks Model 14-10 bridge type exhaust chamber paint filter for particulate matter control. CAM does not apply.
003	Powder Coating Curing Oven -	High temperature curing oven fired with liquid petroleum gas. CAM does not apply.

Also included in this permit are miscellaneous insignificant emissions units and/or activities.

Based on the Title V Air Operation Permit Renewal application received June 16, 2005, this facility is a major source of hazardous air pollutants (HAPs).
