Hi Ron,

I am hoping by the end of next week we will have the draft issued. I will keep you posted.

Have a great weekend!

Tammy,

Just following up to see if there were any other questions regarding the application. Any idea when the draft will be ready?

Thanks,

Ron Reynolds

Tammy,

We'd prefer to go with option 1. Initial VE and VE prior to TV renewal.

Thanks,

Ron Reynolds

Hi Ron,

Syed returned to work today and I was able to speak to him about the testing requirements for the proposed drum filtering system. Testing of the equipment would consist of one of the two scenarios:

1. Initial VE test (5% opacity limit) and VE test prior to TV renewal; or
2. Initial VE test (5% opacity limit) and Work Practice Standards submitted and kept on file.

Let me know your opinion. If you have any question or concerns please give me a call or email.

Thank you,

Tammy T. McWade
