The comments were not considered significant enough to reissue a DRAFT Title V Operation Permit and require another public notice. The changes made are shown below.

RESPONSE: State the response. Changes in a Specific Condition should be formatted as follows:

FROM: A.3. Federal Rule Requirements. In addition to the specific conditions listed above, this emissions unit is also subject to the applicable requirements contained in 40 CFR 63, Subpart VVVV – NESHAP for Boat Manufacturing. [Rule 62-204.800(11)(b)77, F.A.C.]
