PROJECT

Project No. 1250008-006-AC
Application for Air Construction Permit

New River Regional Landfill, a municipal solid waste (MSW) landfill with a total site area of 500 acres, of which approximately 66.4 acres will be used for disposal of Class I solid waste and 16 acres will be used for disposal of Class III solid waste. The Class I Landfill currently consists of Cells 1 through 5. The facility is designated Standard Industrial Classification No. 4953.

The facility is located at 24276 N.E. 157th Street, Raiford, Union County, FL 32083.

On July 25, 2011, the Department received an application to 1) construct a 3,000 scfm maximum design capacity open flare and blower station as the replacement of the existing 2,400 scfm maximum design capacity open flare and blower station; and 2) reduce operation of the existing 2,400 scfm open flare to only as a backup unit should the 3,000 scfm flare becomes non-operational.

NOTICE AND PUBLICATION

The Department distributed a draft construction permit package on September 26, 2011. The applicant published the Public Notice in the Union County Times on September 29, 2011. The Department received the proof of publication electronically on October 6, 2011, followed by the hard copy on October 7, 2011.

No requests for administrative hearings or requests for extensions of time to file a petition for administrative hearing were received.

COMMENTS

No comments on the Draft Permit were received from the public or the applicant.

CONCLUSION

The final action is to issue the permit with the minor changes, corrections and clarifications as described above.
