Date: Thursday, November 01, 2012 8:23:42 AM

Hi Jay:

I checked with our engineer, Ed Svec, and it looks like the public comment period is 30-days and not 14-days.

So it doesn't come off public notice until November 11 and can issue the AC right after that date.

Sorry about any misunderstanding.

Here is the language from the public notice:

"The Permitting Authority will accept written comments concerning the draft/proposed Title V air operation permit and a concurrent draft air construction permit revision for a period of 30 days from the date of publication of the Public Notice. Written comments must be received by the close of business (5:00 p.m.), on or before the end of this 30-day period by the Permitting Authority at the above address. "
