Barbara (or Lynn),

Please post the attached documents for FPL Martin, project No. 0850001-033-AV. This is a draft/proposed being issued to replace the draft title V permit that was issued on August 9th, so it should be posted over the top of the existing draft. This is being issued concurrently with a minor AC permit revision that was sent to you a few minutes ago.

Thanks!

Jon.
