John B. Koogler, Ph.D., P.E.
Koogler & Associates
4014 NW Thirteenth Street
Gainesville, Florida 32609

Dear Mr. Koogler:

This is in response to your letter, dated February 13, 2002, concerning Cemex's Pensacola Cement Distribution Terminal. As you denoted in your letter, Rule 62-297.310, F.A.C. requires only that compliance testing be conducted during each fiscal year (October 1 – September 30). The Department has recognized this discrepancy and corrections are being made during permit modifications or renewals. Therefore, the Cemex facility is allowed to test at any time during the fiscal year and the facility's permit will be amended at the next operating permit modification or renewal. This letter shall be attached to and made part of Cemex permit 0330093-001-AO.

If you have any questions, please contact Kevin White of this office at 850/595-8364, extension 1230.

Sincerely,

Sandra F. Veazey
Air Program Administrator
