## NOTICE OF PERMIT AMENDMENT

Mr. Jeff Golwitzer, Plant Manager  
Mosaic Fertilizer, LLC  
13830 Circa Crossing Drive  
Lithia, FL 33547

Re: DEP Project File No.: 1050046-037-AC  
Extension of Expiration Date of Air Construction Permit 1050046-023-AC

Dear Mr. Golwitzer:

On October 24, 2012, the Department received a letter from Mr. Rama Iyer requesting an extension of the expiration date of Air Construction Permit 1050046-023-AC. The letter states that the extension is necessary because Mosaic Fertilize, LLC (Mosaic) has been unable to schedule and arrange testing for the plant on diammonium phosphate (DAP) due to monoammonium phosphate (MAP) based MicroEssentials production brought about by market demand and contract obligations. The letter also states that Mosaic will be submitting an application for a minor modification related to DAP compliance testing associated with the construction permit. The permit was issued on July 21, 2008, and it authorizes Mosaic to make changes to the scrubbing system of the No. 3 Fertilizer Plant (Emission Unit No. 001). The permit also authorizes Mosaic to conduct particulate matter (PM) and fluoride (F) emissions test to demonstrate compliance with emissions standards while operating No. 3 Fertilizer Plant with the proposed changes to the scrubber system.

As requested, the expiration date of the above referenced Air Construction Permit is hereby extended as follows:

**FROM:** December 31, 2012

**TO:** December 31, 2014

A person whose substantial interests are affected by the proposed permit amendment may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and

participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

All petitions filed under these rules shall contain:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;
- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this permit amendment. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

This permit amendment is final and effective on the date filed with the Clerk of the Department unless a timely petition for an administrative hearing is filed pursuant to Sections 120.569 and 120.57, F.S. or unless a request for an extension of time in which to file a petition is filed within the time specified for filing a petition. Upon timely filing of a petition or a request for an extension of time to file the petition, this permit amendment will not be effective until further Order of the Department.

Any party to the Order (Permit Amendment) has the right to seek judicial review of the Order pursuant to Section 120.68, F.S., by the filing of a Notice of Appeal under Rule 9.110 of the Florida rules of Appellate Procedure, with the clerk of the Department of Environmental Protection in the Office of General Counsel, Douglas Building, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000; and by filing a copy of the Notice of Appeal accompanied by the applicable filing
