

## FINAL DETERMINATION

---

### PERMITTEE

Kraft Foods Group, Inc.  
Maxwell House Coffee  
735 East Bay Street  
Jacksonville, Florida 32202-2303

### PERMITTING AUTHORITY

Florida Department of Environmental Protection  
Waste and Air Resource Management Program  
Northeast District Office  
8800 Baymeadows Way West, Suite 100  
Jacksonville, Florida 32256

### PROJECT

Final Air Permit No. 0310004-026-AC  
Air Construction Permit

The applicant, Kraft Foods Group, Inc., Maxwell House Coffee applied on September 29, 2014 to the Permitting Authority for a permit to authorize an after-the-fact modification of the Gevalia Grinding and SIG-VAC Packaging Machine process with the reduction of the baghouse fan from 5,000 Cubic Feet per Minute (CFM) to 500 CFM and to update the allowable emissions, operating capacity, and process description for the Emission Unit No. 530. The permit also updates the descriptions for emission units EU 509, EU 513, EU 524, and EU 538, revises the rule reference for emission unit 559 particulate matter emissions and visible emissions, and changes the testing schedule for each emission unit to reflect “federal fiscal year” or “within twelve (12) months of permit renewal.”

The permit is not modifying the capacity for emission units EU 509 and EU 518. The facility indicated that is not possible to calculate a pounds per hour flow rate for the Chaff.

### NOTICE AND PUBLICATION

The Department distributed a draft air construction permit package on October 24, 2014. The Public Notice of Intent to Issue Permit was published in the Financial News and Daily Record on October 28, 2014. Proof of publication of the Public Notice of Intent to Issue Permit was received by the Permitting Authority on November 3, 2014.

### COMMENTS

No comments on the Draft Permit were received from the public. A comment was received via phone on November 6, 2014 from Mr. George Whitmer on behalf of the applicant. The comment is summarized below.

1. Request that the annual testing requirement for Particulate Matter Emissions and Visible Emissions – Test Frequency for Emission Units 504 be clarified by changing, “Particulate Matter Emissions and Visible Emissions shall be tested annually (alternating Roaster units), each federal fiscal year (October 1 – September 30)” to ” Particulate Matter Emissions and Visible Emissions shall be tested annually on two (2) Roasters (alternating Roaster units), each federal fiscal year (October 1 – September 30).”

## **FINAL DETERMINATION**

---

*Response:* Based on the comment the testing language has been clarified and is corrected as requested.

### **CONCLUSION**

The final action of the Permitting Authority is to issue Air Construction Permit No.: 0310004-026-AC as proposed in the Technical Evaluation and Preliminary Determination with the changes noted above.
