

## FINAL DETERMINATION

---

### PERMITTEE

Mr. Dan Gray, Director  
Manatee County Utilities Department  
4410 66<sup>th</sup> St. West  
Bradenton, FL 34210

### PERMITTING AUTHORITY

Florida Department of Environmental Protection  
Air Resource Management  
Southwest District  
13051 North Telecom Parkway  
Temple Terrace, Florida 33637-7600

### PROJECT

Air Permit No. 0810055-009-AC  
Minor Air Construction Permit  
Manatee Lena Road Landfill

The project is the construction of a landfill gas (LFG) fired engine generator set for the generation of electrical power.

### NOTICE AND PUBLICATION

The Permitting Authority distributed a draft minor air construction permit package on September 10, 2012. The applicant published the Public Notice in the Bradenton Herald on September 24, 2012. The Permitting Authority received the proof of publication on September 28, 2012. No requests for administrative hearings or requests for extensions of time to file a petition for administrative hearing were received.

### COMMENTS

No comments on the draft permit were received from the public or the applicant.

### DEPARTMENT CORRECTIONS

During the process of updating the DEP ARMS inventory database for this facility, it was discovered that the emission unit (EU) identification number assigned to this new LFG engine generator set in this construction permit (EU No. 011) had been previously assigned to an unregulated emission unit for diesel engines in the current facility Title V operation permit. As a result the EU for the new LFG engine generator set was corrected to be EU No. 012. This correction was made in all places where EU No. 011 was referenced in the Draft permit. Also as part of this correction, a table referencing the unregulated emission units at this facility (EU Nos. 002 and 011) was added to the existing facility description on Page 3 of 19 of the final permit.

### CONCLUSION

No changes were made to the draft permit except for the corrections noted above. The permitting authority hereby issues the FINAL Permit with no changes.
