By Electronic Mail, Received Receipt Requested csgjc@panhandle.rr.com

Mr. James Campbell, Owner Crestview Ready Mix Post Office Box 655 Pensacola, Florida 32549

Dear Mr. Campbell:

On February 7, 2012, a Department representative with the Air Resource Management Program inspected your facility, ID 0910016. A copy of the inspection report is enclosed. The inspection and a review of Department records indicate the facility was in compliance at the time of the inspection for those items specifically noted in the inspection report.

This letter applies only to activities covered by the Air Resource Management Program. If you have any questions, please contact Jennifer Waltrip at 850/595-0662 or e-mail jennifer.waltrip@dep.state.fl.us.

Sincerely,

Carre Melton

Carol Melton Air Compliance Supervisor

 3) What was the batching rate? tons/hour . What was the batching duration? minute h. 1) If emissions from the weigh hopper (batcher) operation are controlled by a dust collector which is from the silo dust collector, was the visible emissions test of the weigh hopper (batcher) dust collect conducted while batching at a rate that is representative of the normal batching rate and duration? 2) What was the batching rate? tons/hour. What was the batching duration? minutes. 	s separate tor	No
 2. Was a visible emissions test conducted by the inspector for this unit during this site visit?	Yes Yes	 No No No

Facility Section (continued)

CONFIRMATION OF GENERAL PERMIT ELIGIBILITY	(check ☑ box for each	•
 Does this facility keep records to show that it does not have the potential to emit: a. 10 tons per year or more of any hazardous air pollutant? b. 25 tons per year or more of any combination of hazardous air pollutants? c. 100 tons per year or more of any other regulated air pollutant? 	🛛 Yes	☐ No ☐ No ☐ No
 Does this facility include: Any emission units or activities not covered by the applicable air general permit (with the exception units and activities that are exempt from permitting pursuant to subsection Rule 62-210.300(3) or Rule 62-4.040, F.A.C.)? If YES, what non-exempt units or activities? 		🛛 No
b. Any emissions units or activities authorized by another air general permit where such other air general permit and this general permit specifically allow the use of one another at the same facility?		🛛 No
 3. Is the total combined annual facility-wide fuel usage of all plants less than or equal to: a. 275,000 gallons of diesel fuel? b. 23,000 gallons of gasoline? c. 44 million standard cubic feet on natural gas? d. 1.3 million gallons of propane? e. Or an equivalent prorated amount if multiple fuels are used onsite (use equation below)? 		□ No □ No □ No □ No □ No
gal diesel/yrgal gasoline/yrMM SCF nat. gas/yr+MM gal propriation275,000 gal diesel/yr23,000 gal gasoline/yr44 MM SCF nat. gas/yr1.3 MM gal propriation		0?
4. Has the owner/operator maintained, available for inspection, site-wide records of monthly fuel const for each consecutive 12-period for the past 5 years?	umption 🗌 Yes	No No

GENERAL CONDITIONS	(check ☑ box for each	•
1. Has the owner or operator allowed the circumvention of any air pollution control device, or allowed the emission of air pollutants without the proper operation of all applicable air pollution control devices?	🗌 Yes	🖂 No
 2. Does the owner or operator: a. Maintain the authorized facility in good condition? b. Ensure that the facility maintains its eligibility to use the air general permit and complies with all 	_	No No
terms and conditions of the air general permit?		🗌 No
to the facility at reasonable times to inspect and test and to determine compliance with the air general permit and Department rules?	🗌 Yes	🗌 No

RELOCATABLE PLANT: 1. Is the facility: stationary [X]; relocatable []; or consisting of both stationary and relocatable [] concrete batching and/or nonmetallic mineral processing plants? (If only stationary, skip the following)	(check ☑ box for each <i>ng question 2.</i>)	question)
 2. Is the relocatable concrete batching plant used to mix cement and soil for onsite soil augmentation or stabilization?		□ No
 b. Did the owner or operator transmit a Facility Relocation Notification Form [DEP No. 62-210.900 to the Department or Local Air Program no later than five business days following a relocation? c. Did the owner or operator transmit a Facility Relocation Notification Form [DEP No. 62-210.900(to the appropriate Department or Local Air Program at least five business days prior to relocation? 	(6)] 🗌 Yes 6)]	No No
 3. If the relocatable plant was co-located at a facility with a separate air construction or air operation per and the relocatable batch plant is not included as an emissions unit in that separate permit: a. Was the relocatable batch plant being used for a non-routine purpose (i.e, there is no repeated usag If YES, what was the purpose? b. Were records kept by the owner/operator to indicate how long it was 		🗌 No
co-located at the permitted facility? If YES, were any periods more than 6 months in duration?	Yes Yes	☐ No ☐ No
CHANGES Administrative Changes:	(check 🗹 box for each	•
 Were there any changes in the name, address, or phone number of the facility or authorized represent associated with a change in ownership or with a physical relocation of the facility or any emissions u operations comprising the facility; or any other similar minor administrative change at the facility? If YES, did the facility provide written notification within 30 days of the change?	nits or 🔀 Yes	D No No
 3. Since the last registration form submittal has there been a. Installation of any new process equipment? b. Alterations to existing process equipment without replacement? c. Replacement of existing equipment with equipment that is substantially different? d. A change in ownership? 	Yes	⊠ No ⊠ No ⊠ No ⊠ No
4. If the answer to any question 3a. – d. is YES, was a new registration form and the appropriate fee su 30 days prior to the change?		□ No

Date of Inspection

February 2013

Approximate Date of Next Inspection

COMMENTS: On February 7, 2012, Department personnel conducted an unannounced annual air compliance inspection of Crestview Ready Mix in Okaloosa County. The facility was not in operation upon arrival and no operator was onsite.

Testing has been conducted as required and the test results indicate compliance with permit limits.
