I looked over their O&amp;M plan onsite, revealed Cemex Incorporated failed to record the visual checks from 5/2/06 through 5/2/07 in accordance with the O&amp;M Plan approved by Pinellas County- AQ Division office. In its place Cemex Incorporated has been performed checks and recorded visual checks on unapproved record log. I showed Mr. Covey the O&amp;M Plan on file. He stated he had just recently taken over the plant. He stated I should speak with Mr. Jason Jones their Regional Manager. I inquired from Mr. Jones as to why the visual checks were not recorded in accordance with the approved O&amp;M Plan on file. He stated it was mistake by his employee and from now on they would use the existing approved O&amp;M Plan log on file. I told Mr. Jones that their might be a violation for failure to notify Pinellas County- AQ Division office of the administrative change. After I got back to the office I reviewed the Permit file with Mr. Martin the program manager. We both reviewed the O&amp;M Plan on file, and discovered that it was different format from O&amp;M plan onsite. See attached record logs.</p>
