COMMENTS: Facility is now Fero Insurance Group. Spoke with Lanse K. Fero. Mr Fero explained crematory was removed November 2007. Mr. Fero escorted me to the room that housed the crematory unit and the room did not contain a crematory unit.

VE test was was performed for for 2007 none VE required for 2008.

Fero Crematory facility is closed.

Previous to inspection I made contact with Faye Mobley (several time since March 3, 2009), General Manager for Fero Funeral home and Crematory and tried to have a letter sent to the Department explaining the closure of the facility and what status she would like to put the permit in.

After returning from the inspection the Ms. Mobley's letter arrived. The only thing Ms. Mobley states is facility closed as of November 2008. I think this is conflict with what Mr. Fero stated, Novemeber 2007. Either date the facility needs to be put in an inactive state. Ms. Mobley stated she wanted to recind the permit.
