Mr. Marc Bryant Tyson, President
Ready Mix USA, LLC
Post Office Box 101868
Birmingham, Alabama 32510

Dear Mr. Tyson:

On November 16, 2010, a Department representative with the Air Resource Management Program inspected your facilities, ID Nos. 1310011, 1310256, and 7775203. Copies of the inspection reports are enclosed. The inspections and a review of Department records indicate the facilities were in compliance at the time of the inspection for those items specifically noted in the inspection reports.

Please note that authority to operate the DeFuniak Springs Paver Plant, ID 1310256, expires on February 19, 2011. To avoid lapse of authority to operate, an owner or operator intending to continue to use an air general permit must submit the proper registration form and processing fee at least 30 days prior to expiration of the facility's existing air operation permit or air general permit.

This letter applies only to activities covered by the Air Resource Management Program. If you have any questions, please contact Carol Melton at 850/595-0616 or carol.melton@dep.state.fl.us.

Sincerely,

A handwritten signature in cursive script that reads "Rick Bradburn".
