COMMENTS: On July 15, 2010 I visited this facility to conduct the annual compliance inspection and to witness a visible emissions test. On site I met Ms.Lucy Cardenes, the manager of the facility. Mr. Bill Arlington, Arlington Environmental Services, conducted the VE tests. The Cement Silo # 1 and the Cement Silo # 2 were tested together and they were loaded with cement at 10 PSI.Concrete mixer was tested also. This facility produces approxilmately 4000 yards of concrete a month.
